My dear Mr. Hain,

We particularly appreciate  
your letter of October 18th. and of the  
proposition contained therein.

The matter of not ordering a portrait is  
indeed "a question of financial convenience".  
Much as we want to add this dignity  
to the sketch and this tribute to his <sup>(my father's)</sup> memory  
it seemed impossible until your letter  
of the 18th arrived.

If you will make it as easy as  
possible for us in the matter of payments  
we would be glad to order the full page  
\$200.00 type with autograph.
